All about me

By Marco, 11, Hong Kong

My name is Marco and I am 11 years old. There are 4 people in my family: my mum, dad, sister and me. I have three turtles, three sharks and 5 tropical fish.

I live in Hong Kong. It is sunny and there are lots of mountains. There are lots of interesting places in Hong Kong such as Ocean Park and Disneyland. People often go up to Victoria Peak to see the view of the city. Later this month the Ngong Ping 360 cable car will open and it is from Tung Chung to the big Buddha statue on Lantau Island.

I like swimming and I have a certificate for swimming 250m freestyle. I play cricket and I am on the school biathlon team. At school I like doing Maths, English and I.S (Integrated Studies).

I enjoy playing with my friends and listening to music by Simple Plan and Oasis.

Things that revolve around me.

Hi, My name is Sarah and I'm seventeen years old.

I like to sing, dance, sometimes read when I'm bored. My favorite subject in school is Health Science. When I get a job I'm going to be an Cosmetologist. I live with my beautiful Mom named Karen and two sisters. As I've gotten older I realized that I'm not a kid anymore and I'm about to turn eighteen. And I wish I could start all over again and enjoy my childhood because I miss it. Being an adult has a lot of responsibilities and you have to take care of them. Now I'm seventeen and my mom has problems because I'm all grown up and I act my age. She wishes I were little again. I can't change that because I'm seventeen and I'm about to be eighteen and be an adult and be a parent one day. I just wanted to tell every kid to have fun and enjoy being a kid as you can.

Who am I?

By Ki, 13, Ontario, Canada

Ni Hao! My name is Siyu, you can call me Kitty. In the early spring, when the earth began to awake, the flowers began to bloom, and the light rain sprinkled all over the town, that was the day I was born, so my parents named me Siyu, which means drizzle in the spring in Chinese.

I grew up in a small town called LiaoYang, in the northeast of China. Even though it is a small town, it is one of China's biggest petrol chemical and fibre production base. The climate there is almost the same as Guelph.

I came to Canada when I was at the age of 10, it's almost 4 years now since I immigrated to Canada with my mom and dad. I lived in Toronto and Mississauga for the past 3 years, and I've visited many places in Canada. I think Canada is extremely beautiful and attractive.

I'm pretty much the happy, cheerful and bit shy kind of girl. I have enough friends to keep me company, but of course, there's always a room for another friend.

During my spare time, I like to draw, read and listen to music. I find it very enjoyable to listen to music, especially classic Chinese music.

I have a lot of hobbies, but drawing is the best of all, it helps me to calm down and relax. Collecting stamps is also my favourite, it's very interesting to look at all the little images on the stamps. I get most of my stamps from the letters that my relatives sent me.

I love festivals and holidays, one of my favourite festival is called the Moon festival, it's on August 15th on the Lunar Calendar. On this day, everyone in the family gathers and celebrates together for the family reunion. This year's Moon Festival is almost here, unfortunately I can't go back to join the family reunion, this is my only regret for coming to Canada, but I still love Canada!

Hope you enjoyed reading my story! :D
